To Whom it may concern,

Statement regarding Conflict Minerals

Alloy Wire International Limited acknowledges the rising need for compliance to the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act"). Section 1502 of the Dodd-Frank Act requires that manufacturers which report to the Securities and Exchange Commission (SEC) identify the source and chain of ownership of any "Conflict Minerals" which are necessary to the functionality or production of their products.

Alloy Wire International Limited do not purchase or process any mined elements, all of the raw material we purchase is in alloy form.

Alloy Wire International Limited has passed this requirement down its supply chain to all of our suppliers to trace conflict minerals origin in order to comply with the act. Since we have done this Alloy Wire has received written and signed statements from all suppliers assuring us that Alloy Wire International Limited is compliant with section 1502 of the "Dodd-Frank Act"

If you require further clarification on the matter of Conflict Minerals then please feel free to contact Alloy Wire International on the above contact details.

Yours sincerely,

Kevin Guest
Quality Control
