11th February 2016.

To Whom it may concern,

## Statement regarding the supply of hazardous and or toxic substances.

Alloy Wire International Limited is paying particular attention to the Evaluation, Authorisation and Restriction of Chemicals (REACH Regulations) and The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (RoHS) Regulations.

In this respect of these two pieces of legislation, we are confirming our position as a manufacturer of precision drawn round wire, flat wire and shaped wire in a comprehensive range of High Performance Nickel alloys.

In line with our Integrated QUENSH Management System, certification to AS EN 9100, ISO 1400 & OHSAS 18001, the REACH & RoHS Regulations, we have carried out a comprehensive evaluation of our downstream supply chain to obtain formal approval and status of products, materials or articles supplied in connection with the above legislation.

## **REACH Declaration.**

We declare that we do not and will not supply any products, materials or articles that contain substances of very high concern as specified within the REACH Regulations.

All products supplied by Alloy Wire International Ltd do not contain any of the latest ECHA SVHC Candidate List substances above 0.1 w/w %. Hence, our products are exempt from REACH registration and evaluation and consequently from the pre-registration process. The following Candidate List was last extended 8<sup>th</sup> February 2016 and contains 168 unique substances/entries:

http://www.echa.europa.eu/chem data/authorisation process/candidate list table en.asp#download

## **RoHS Declaration.**

We declare that in accordance with Directive 2011/65/EU (RoHS Directive), that all products, materials or articles supplied by Alloy Wire International Ltd., do not contain the following substances in excess of defined maximum concentration values, unless exempted in an application by the annex of the RoHS Directive (incl. amendments).

Substance / Application	Maximum concentration values in homogeneous materials (2011/65/EU – RoHS)
Lead (Pb)	0,1 % (weight) / 1000 ppm (parts per million)
Mercury (Hg)	0,1 % (wt) / 1000 ppm
Cadmium (Cd)	0,01 % (wt) / 100 ppm
Hexavalent Chromium (Cr6+)	0,1 % (wt) / 1000 ppm
Polybrominated Biphenyls (PBB)	0,1 % (wt) / 1000 ppm
Polybrominated Diphenyl Ethers (PBDE)	0,1 % (wt) / 1000 ppm

Alloy Wire fully supports the intentions of both the REACH and RoHS Regulations and is actively engaging with our downstream supply chain to ensure we and they fully meet the requirements specified within.

If you require further clarification on the matter of REACH then please feel free to contact Alloy Wire International on the above contact details.

Yours sincerely,

Kevin Guest Quality
